

Website R3design!

We are redesigning and updating our website!

■ A brand new website

In order to keep up with technological developments as well as demands from customers and clients alike, we are undertaking some changes to our website.

■ Market Research functionality

In particular, as the only Destination Service Provider in London to share relevant market research (for free!), we are including functionality as part of our online platform to search and access market research and newsletters much more efficiently.

■ Leading the way

We are delighted to continue to invest in sharing best practice and relevant up to date research with the broader relocation industry. We always challenge ourselves to push the boundaries and set new global standards of excellence for local destination services in London and the home counties.

So forgive our appearance while we undertake these updates and changes. They won't take long! And we promise that it will be worth waiting for.

Anna and Marco
