Destination Services: UK-wide

R3Location offers an exceptional range of relocation services to companies moving assignees into **London** and **the rest of the UK**. Since inception, it has reaffirmed its position as a specialist provider to FTSE100 and Fortune 500 companies.

London-based, Award winning DSP

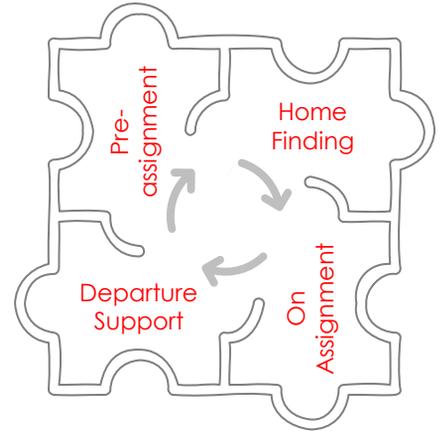

R3Location is a multiple-award winning business, having secured the ARP's Destination Service Provider of the Year in 2016, 2017 and 2019. It is the only Central London based destination services company in the relocation industry with offices in the Capital. In our view, you can't claim to be an expert in the London market if your main service delivery hub is not actually based in London.

Domestic support

It offers a wide range of bespoke services ranging from pre-assignment and home finding support through to ongoing tenancy and departure support – as summarised in **Figure 1: Relocation Cycle**.

EMEA Relocation Management

R3 not only leads the way in how it delivers domestic services, it has also worked hard to develop a robust platform of trusted partners to enable the provision of high quality local destination services throughout EMEA (**Figure 2: EMEA-based coverage**).

R3 now leads the way in how it delivers services, shares knowledge and communicates with the rest of the industry.
