WINNERS!

Best Partnership
between Two Service
Providers with Aires
Relocation

HIGHLY COMMENDED
Best **Destination Service**
Provider of the year

Best Partnership between Two Service Providers Highly Commended DSP of the Year

The host for the evening, commenting on the sheer number of categories, cheekily quipped that if anyone came away without winning an award, they should take a strong, hard look at themselves and do something other than relocation... 😊

Luckily, R3 will not need to engage in this type of navel gazing exercise any time soon as we came away from the night as Winner of Best Partnership between Two Service Providers in collaboration with Aires (one of, if not the most forward looking Relocation Management Companies out there), and highly commended as Best DSP of the Year.

We are thrilled to have been able to join the EMMAs this year and to celebrate the collective hard work Aires and R3 have put in since the start of the pandemic in moving families and individuals to the UK. Celebrating with them, and the team we work with every day of the week, made the evening extra special for us, and demonstrates the success that comes when two professional outfits focus on delivering the very best in international mobility.

We look forward to partnering with Aires for many more years to come. Well done everyone!

“ R3 truly feels like an extension of our team. So to see the hard work put in by all to receive this award is exactly what we needed to toast this partnership!

*Andy Meadowcroft - EMEA
Operations Director, Aires*

“ We started this partnership at the onset of the pandemic. Working together over a brief period of time, mostly online and in a very challenging business environment is a tremendous achievement.

*Marco & Anna - R3 Directors and
co-founders*
