

MeasuR3s of success

THE CORE TEAM near our offices in Belgravia, London

Celebrating another year, and a shared birthday (we won't say who!)

Impartial advice

R3 is a relocation company dedicated to delivering impartial expertise to our clients and their employees. Each year, we measure our success not just by the feedback we receive and strict satisfaction targets we need to meet, but also by measuring the number of Estate Agents we work with to finalise lease agreements on behalf of our clients. Over the last year, this number was 75+.

75+ ESTATE AGENCIES

Why? Because being independent from real estate agencies is crucial. It ensures we can demonstrate unbiased, thorough research in presenting the best properties from a wide network.

Great relationships

Strong relationships with Estate Agencies are also key. Engaging professionally with this wonderful network helps us unlock the best

value and secure tenancies efficiently, ensuring smooth transitions for our clients and their employees.

Our reach

R3 does not just cover London, but also provides support to our clients for moves outside of the Capital such as the home counties, and far beyond, including nearly a quarter of moves in the rest of Europe.

We do it differently

We also believe excellence in delivery means providing services as an in-house team, with full-time Account Managers actively engaged in supporting our clients and their assignees. That's why R3 is the only Destination Services

Company with physical offices in London, operating a hybrid model of being office-based three days a week and working from home (or as business requires) the rest of the time. This enables us to share knowledge, support each other, share the load effectively, and also celebrate as a team (see photo above).

Our new private client division

We don't just do "relo", we also help private clients buy. Do take a look at our latest [case study](#), and our brand new [webpage](#) dedicated to our buying arm.

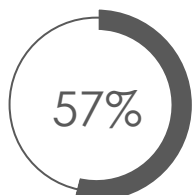

Thank you!

We couldn't do any of it without your support, the support of Agencies, our clients and their employees who trust us to deliver services year after year. Thank you! And we look forward to continue our journey to be different.
